HOME COURSE: PINCREST G.C. • OCT. 2005

Wow, what a finish to a great year!! And, we could not have asked for or received better weather! And the golf was fabulous (wish I was there... oh wait, I was—just forgot my "A" game). Actually, the Two-Day is all about zigging when your partner zags and vice versa. Martin and I didn't do that. I'll explain later...

Let's start by singling them out...

Don't really know where to begin, so let's just start with the day money. On Saturday **Bill Erickson** set the pace with a **net 68**. That of course clearly put him in the lead for the two day individual.

Rocco Consalvo and **George Lamping** each put up a **net 70** to be in easy striking range, and **Steve Miller's net 72**

also made a statement. Then we had 4

people tied for 5th at **net 73: Tony Bennis, Bob Lamping, Ron Martin and yours truly.**

...And then team 'em up

As for the teams, 1st on Saturday was **Tony Bennis** and **Bob Lamping** at **net -9** (not bad for each posting individual net 73's!). **Rocco**

Warming up: Erickson thinking, Tish contemplating ball roundness, & Geo Lamping posing

Consalvo and **Gary Riseling** also posted a team **net -9**. In third place at **net -8** were three teams: **Phil Singler/Gary Riseling; Mike Prus/Terry Freeman; and Steve Miller/Ken Mahoney**. Three teams came in just behind at net -7, so this became a tight team race for the final stretch on Sunday with 8 teams within 2 strokes of each other.

Now back to that zig-zag thing I was talking about. The individual scores for the teams that tied for 1st place had

net 73/73 and net 70/76. Third place 76/77 for -8...very good. The same went for Prus/Freeman. However, Martin and I were a 73/73 and we only were at net -4; and Erickson and Tisinai were a 68/79 for only a -5.

You really gotta zig and zag.

Martin practices the zig-zag routine, Rocco warms up his in-the-money swing

Team Sunday

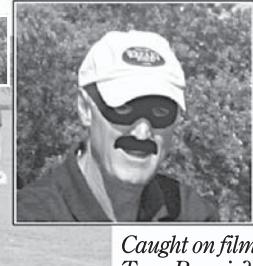

So the stage was set for Sunday, and now it was time to see who would make their move. It didn't take long; the teams were coming in with some fine numbers. In the first group, **Gary Karlowicz/Randy Felgenhauer** posted **net -9**, and that equaled the lowest score from Saturday. The second group had **Kelly Rafferty/Greg Mulac** coming in at **net -10**. By the way--Rafferty chipped in on holes 7, 8, and 10. I do not recall seeing three chip-ins over 18 holes (let alone 3 times in four holes!) by one person. *Geeeeez*, he had only two putts in that string of four holes. I once was member of a four-man team where three different players chipped in, but three times by one player...

Now that I have put him on a pedestal, just ask him how rusty his putter got sitting in the bag. It took its revenge on #12 when Kelly deftly 4-putted.

The next group of Bobby Gus/Andy Jones came in at net -10. But all of these guys had

their bubble burst for day money when **Bennis/Lamping** came in at **net -11** for 2nd place and **Miller/Mahoney** came in at **net -15** to collect 1st place cash.

As for the individual scores, **Bill Erickson**, playing in the third group, came in with another **net 68**

Caught on film:
Tony Bennis?
Nope. A closer
inspection reveals
the Two-Day
Bandit

for a two day total of **net 136**. That left everyone shooting at Erickson's net 68/136 for 1st place Individual day money and Two-Day Individual Low Total. Bobby Gus came close with a net 69.

Greg Mulac had also had a net 69 and Bob Lamping had a net 70. But those scores did not hold up when the final group of Miller/Mahoney came in not only with that -15 as a team, but **Steve Miller** had a **net 68** to tie Erickson and **Ken Mahoney** topped them both with a **net 65**!

The Two-Day totals take shape

Bill Erickson held on to take the Two-Day

Individual 1st place with his great **net 136**, and 2nd place went to **Steve Miller** with a **net 140** (72/68). 3rd place went to **Ken Mahoney** at

net 141 (76/65); 4th was a three-way tie at **net 143** with **Bob Lamping** (73/70), **George Lamping** (70/73), and **Rocco Consalvo** (70/73). It's actually amazing how all of them got to 143 with a 73 and a 70. 7th place was also a tie at **net 144** between a couple of

Winning smile: Bill Erickson ends up on top

Bartlett Boys, **Ron Martin** (73/71) and **Greg Mulac** (75/69).

I also think it was very interesting to watch the leaderboard over the two days. Bill Erickson was in first on Saturday, and he finished first. Rocco and George Lamping were tied for second, but dropped to fourth. Miller was fourth and moved up to second; Bob Lamping was tied for fifth but moved up to a tie for fourth. Martin was tied for fourth and finished tied for seventh. **Mulac** was 11th and finished tied for seventh. And finally, Ken SEA BISCUIT Mahoney was tied for 12th but made a huge smooth move to finish third.

The teams were not quite as volatile. **Miller/Mahoney** were tied for third and

finished first. **Bennis/Lamping** tied for first and finished second. **Rocco/Riseling** tied for first and finished third.

The champs Mahoney & Miller, with Lady Precept coming up fast behind them

Bobby Gus/Jones and **Steinken/Karpa** were tied for sixth and finished tied for fourth along with **Prus/Freeman** who were tied for third and finished tied for fourth.

Just something to ponder...

Closest to the pin: some great golf shots were involved in many of these. How about I just list them in order (Sat/Sun): **Hole #6**—Martin/Karlowicz; **#8**—G. Lamping/Erickson; **#11**—G. Lamping/ Free Willy Freeman; **#13**—Riseling/Felgenhauer.

We also had two skins tournaments. Just ask **AI GIVE ME SOME SKIN Karpa.**

The Club Has A Champion

Now to the **Club Championship**. It was won by **Ken Mahoney**. His **net 76/65** were too much for Bill Harrison. Ken was ahead only by three after the first day, but that net 65 on Sunday proved too tough to handle. And Ken started the second day in prophetic fashion by sinking a 100-foot putt on the first hole for birdie! To Billy's credit, he was only down three after the first day, but the group behind him on on the

2nd hole that day thought it would be worse when they saw him hit his second shot, then go to the cart to get another ball, drop and hit again, only to go to his

cart to get *another* ball and drop and hit again. It was the CURSE OF ERICKSON: Billy had to sink an 8-footer for a 9! At **net 79/77**, it was not a good Two-Day for Blastoff, but it was his second consecutive 2nd place finish, with a T-3rd and a 1st place in the two years before that.

Congratulations again to both Ken and Bill!

Before I forget, a special thanks to **Ken** and **Patti** for their party. We cannot thank you enough. It's always a lot of work to host a party—we know because Ken told us so!!

Ken Mahoney and Bill Harrison before teeing it up on day two

Looking back...

I think I covered all the golf, so how about a recap of the season:

In **April** we had the 4-man scramble. The winning team was Steve I TOLD YOU THE SOX WERE GOOD Miller (he started and finished this year the right way—this was a *very* good year for the Big Man), Bob Lamping, and Al Lannom.

May was an Individual event with Bill Erickson's net 66 taking honors over Tony Bennis' net 67 in a dogfight. It also was a Two-Man Best Ball with Akers/O'Brien just edging out Erickson/Mahoney (seems like we're seeing these names a lot). The May event also saw John Akers getting bombed by an attack pigeon, while Rocco was having trouble communicating with the beer cart attack girl. This was also the first round of the Club Championship.

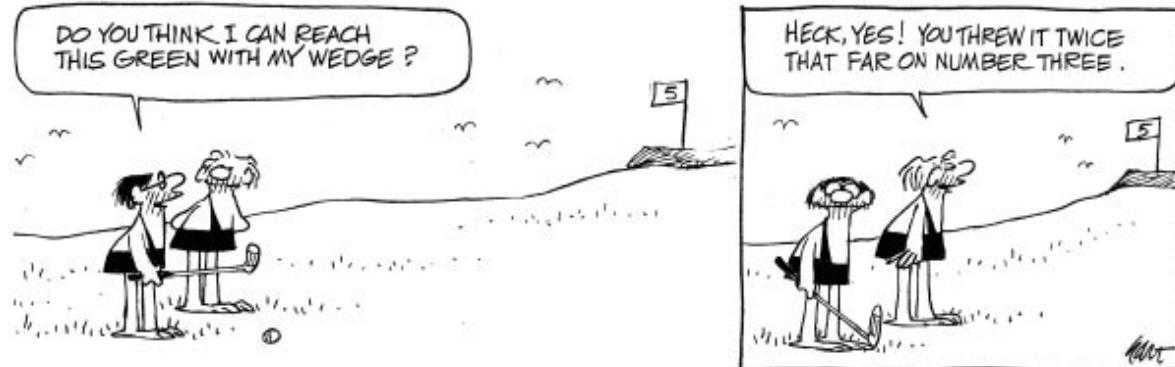

June was the Stapleford event. Gary Riseling won that and to our good fortune was not able to stick around to collect. We of course preserved his winnings in alcohol (hic). This event also saw O'Brien go +11 points on the back nine, but unfortunately he lost 11 points on the front side.

The **July** event was the Bracket golf. A's and B's in one bracket. C's and D's in the other.

Gary Karlowicz took the A/B flight and Ken Kruss with a net 65 took the C/D flight. The July event also got us down to our final four for the Club Championship. It would be Mahoney, Erickson, Harrison, and Miller.

August was the 1-2-3 and Individual event. Bill Harrison won individual honors with net 63, a gross score of one under par 71. The 1-2-3 was won by Miller, Prus, Mulac, Riseling. The final two for the Club Championship was determined with Mahoney and Harrison. Bill Erickson took a nine on the first hole and it was "turn out the lights, the party's over."

And in **September**.....you know the rest.

Get Yer Santa Suit Out

So that's it in a nutshell. Season over; pack the clubs and watch out for the snow (did I say "go White Sox?" Couldn't have been me; I think Harrison put that one in). And I bolded **Greg Mulac's** name throughout this last newsletter just so he could show his daughter she's not the only one getting some ink in the papers (OK, so it's just a newsletter; but we have a loyal following).

Also, to Mr. **Ed Scott**—who had a rough two days. We're talking big numbers. I now know why you were so worried. I saw the cover of Vanity Fair, and you're going to have a rough

7 or 8 years ahead of you!!

And lastly, I need to thank several people in no particular order. First—my consigliere and next year's TD **Ron Martin**; second—

my editor, graphic artist and newsletter publicist **Bill Harrison**; third—**Mike ESPN Prus**; he runs a great web site for us at

Mr. ESPN himself: Mike Prus, with Two-Day partner Terry Freeman

www.originals.golf.com; and fourth—**Steve Miller, Rocco Consalvo, Randy Felgenhauer**.

Last but not least: to anyone else who helped along the way—if I forgot to mention you, I didn't mean it, but I sure appreciated the help!

Make sure to check out some of the attached pictures in this newsletter and also on the web site.

Been a pleasure! See you next year (with my "A" game hopefully).....

Ciao!
